

Solvent-free & Water-based Repair & Maintenance Paints

Low Odour & ECO Friendly Products

Ideal for Solvent Sensitive and Odour Sensitive Areas

Chemco have developed a range of coatings that are ideal for areas where traditional solvent-based systems cannot be used. They have the following advantages over traditional solvent-based systems:

- Little or no odour – no toxic or flammable solvent smells during application
- No costly ventilation or safety precautions required
- Can last twice as long as solvent borne equivalents and will save money over the long-term
- Back-in-service times as little as 2 hours and will save money in reduced downtime
- Superb adhesion and durability
- Will save money in reduced application costs as one coat is often sufficient
- Require minimal surface preparation

Easi-cote™:
RX 500MT

- **Water-based** epoxy matt structural topcoat
- Used for large structures (e.g. external coating for fuel storage tanks)
- Touch dry in 2 hours

Easi-flor™:
RP 800/RX 800

- Hard-wearing **water-based** epoxy floor coatings
- Heavy traffic allowed after 8 hours
- Anti-slip versions available

Easi-gloss™:
RX 500GS

- **Water-based** epoxy gloss structural topcoat
- Exceptional chemical resistance and high gloss finish
- Excellent UV resistance (does not yellow)
- Touch dry in 2 hours

Easi-prime™:
RX 500P

- Multi-purpose, **water-based** epoxy primer
- Exceptional adhesion to the most difficult substrates
- Outstanding corrosion resistance

Fast-flor™:
RS 800

- **Water-based** acrylic outdoor flooring/marketing system
- Exceptional **wet tolerant** and UV resistant properties
- Touch dry within 1 hour

Fast-guard™:
RN 500 Series

- Multi-purpose **water-based** acrylic systems
- Excellent fire retardant and UV resistant properties
- Available in primer, roof coating and topcoat (for cementitious fire protection) versions

Rust-fix Aqua™:
RK 500CP

- **Water-based** acrylic system for converting rust into an inert and stable barrier
- Applicable to poorly prepared and/or rusty surfaces

Easi-gloss™ RX 500GS
 Turbine Hall Structure

Fast-flor™ RS 800
 Factory Floor

Fast-guard™ RN 500TC
 Tank Externals
